

Candwr Solar Farm

September 2026 update

Project update

Many thanks to those who responded to the Statutory Consultation and to those who attended our public consultation events.

The Statutory Consultation phase ran from 2 July 2026 to 20 August 2026. During this phase, we held two public consultation events (15 and 16 July) which saw an attendance of 174 people.

We have also received over 400 pieces of feedback. Although we do not have the capacity to respond to everyone individually, we are eager to address all the feedback through the Consultation Report, which will be submitted to Planning Environment Decisions Wales (PEDW) as part of the planning application.

We are currently reviewing the feedback alongside the details of our plans prior to submission.

We will provide an email update to stakeholders and those who have signed up to our mailing list with the next steps once that becomes available.

If you would have your details sent to PEDW to receive further project updates, please fill out the form [here](#).

Once again, we would like to thank you for your feedback.
